**MOSI IMAX® DOME THEATRE TO SHOW LIMITED ENGAGEMENT OF  
'HARRY POTTER AND THE PRISONER OF AZKABAN'**

**WHAT:**      Hogwarts, and IMAX and Spells! Oh my! MOSI wants you to cast your spell in the IMAX *Dome* Theatre during a limited time engagement\* of *Harry Potter and the Prisoner of Azkaban*.

Warner Bros. Pictures' third film adaptation of J.K. Rowling's celebrated Harry Potter novel series, *Harry Potter and the Prisoner of Azkaban*, revisits Harry and his friends Ron and Hermione, now teenagers, as they return for their third year at Hogwarts. They are forced to face their darkest fears as they confront an escaped prisoner who poses a great threat to Harry and contend with chillingly foreboding Dementors who are sent there to protect them. *Harry Potter and the Prisoner of Azkaban* has been digitally remastered into the unparalleled image and sound quality of The IMAX Experience® through proprietary IMAX DMR® technology.

**WHO:**      The IMAX *Dome* motion picture system projects images of unsurpassed size, clarity, and impact onto a dome-shaped screen providing 10,500 square feet of visual imagery. The film is enhanced by a superb specially-designed, six-channel, multispeaker sound system. The IMAX *Dome* image is ten times larger than a conventional 35mm frame and three times larger than a standard 70mm frame. The sheer size of the film frame, combined with the unique projection technology, is the key to the extraordinary sharpness and clarity of an IMAX film.

**WHEN:**      November 4 through 17, 2005  
\***Special engagement fees apply.**  
Visit [www.mosi.org](http://www.mosi.org) for more details.

**WHERE:**      **MOSI**, Museum of Science & Industry      4801 E. Fowler Avenue  
**IMAX®** *Dome* Theatre      Tampa, Florida
